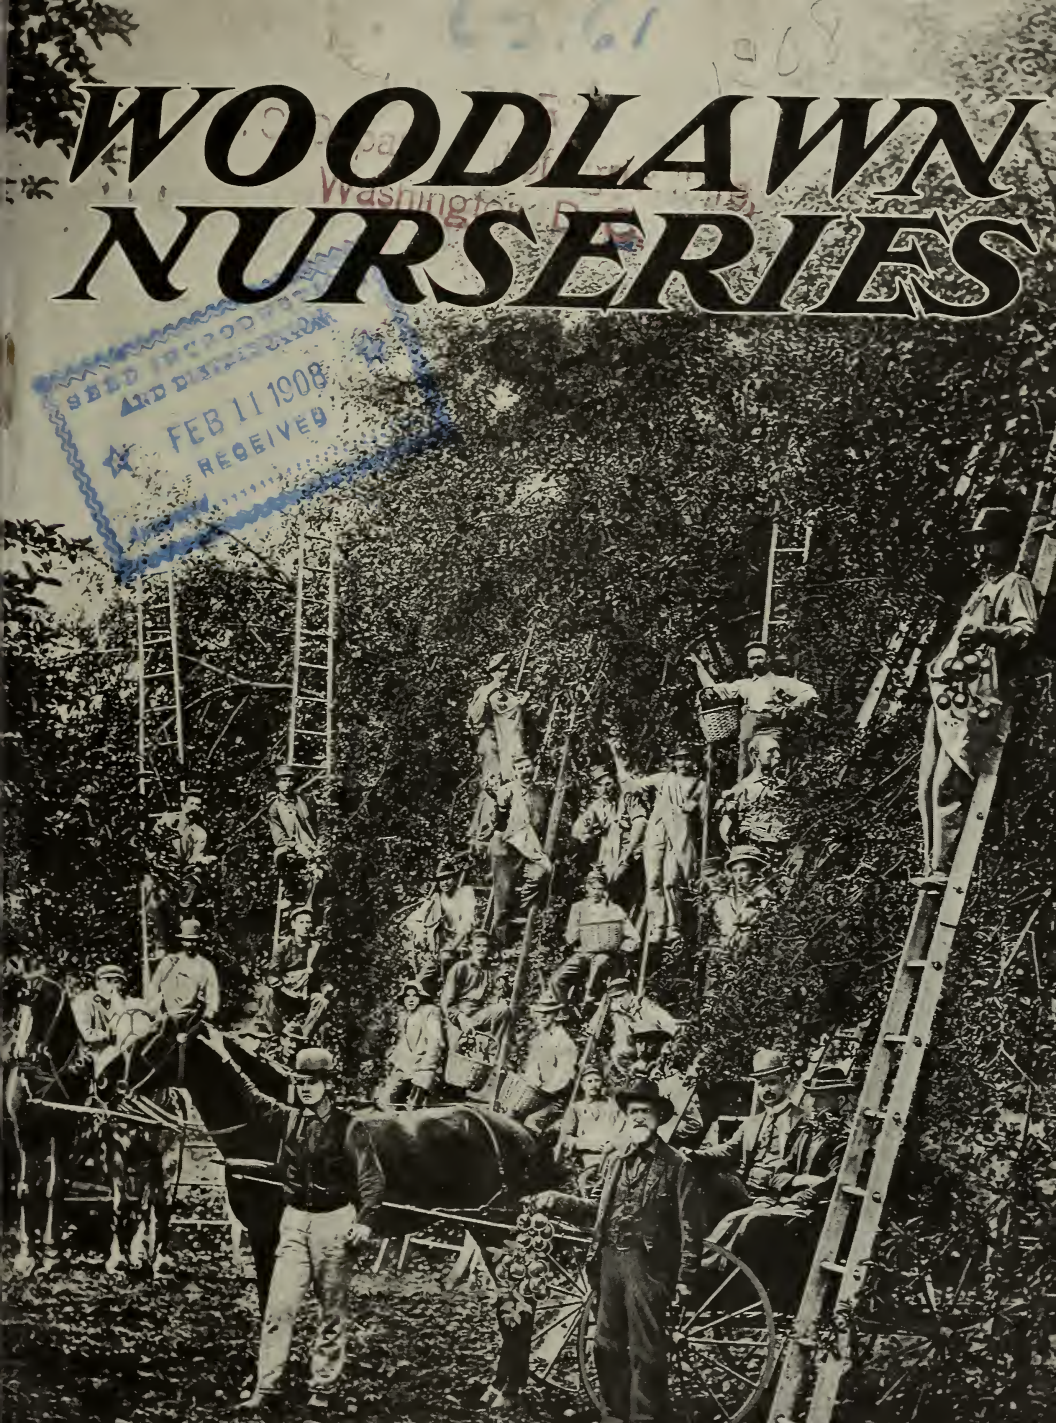
WOODLAWN NURSERIES

SEED, BULB AND PLANT DIVISION
FEB 11 1908
RECEIVED



ALLEN L. WOOD

ROCHESTER, N.Y.

WE TAKE PLEASURE in presenting a new edition of our catalog, carefully revised and corrected. ***This is our salesman.***

Please order as early as possible; it is our rule to fill in the order in which they come to hand; hence we cannot delay orders, received first, for those coming later and requiring attention at once.

"How about Payment":—Procure a money order at your post office or express office, or draft from your nearest bank, or send cash by express or registered letter. Send payment with order. This saves all delay and extra writing and is best for all concerned. Orders to be sent C. O. D. must go by express and should always be accompanied by at least one-fourth of the amount of bill.

Boxing and Packing:—We make no charge for boxing and packing.

Shipping:—Tell us just how and where you want the goods shipped. It is very seldom anything goes astray. Strawberries should always be sent by express or mail.

3 at Dozen; 25 at 100; 250 at 1000 Rates.

San Jose Scale

There has never been any San Jose Scale found in our nurseries. They have been thoroughly inspected the past summer and no trace of it found. All our trees are thoroughly inspected again before shipment. Our customers may rest assured that they run no risk in ordering from us. A certificate of inspection will accompany each shipment.

Wood's Trees

Finest Grown:—**Apples, Pears, Plums, Cherries, Peaches,** etc., and all small fruits. I am now offering a fine line of these; also some special **BARGAINS** in **BURBANK** and **LOMBARD** Plums, **Kieffer** Pears and **Peaches.** My **Roses** and **Shrubs** are all strong field grown with extra fine roots.

For thirty-two years we have directed our efforts toward building a direct trade between the growers and the planters, by straight-forward statements, honest illustrations and reasonable priced stock of the HIGHEST grade and known value, to increase our trade and make **permanent** customers of all who favor us with their orders.

Our method of selling trees has saved thousands of dollars for those who have dealt with us, for not only do they get stock at very low prices but they secure the BEST, true to name and of SUPERIOR quality.

It is an established and well known fact that in no other part of this country do fruit trees attain the **perfection** of those grown in Rochester. The soil in this vicinity is particularly adapted and is best suited to produce the healthiest conditions of growth, that solid, firm texture of wood, with abundant fibrous roots so necessary to successful transplanting. Our trees are in every way superior and of the finest quality, so that we have to offer the choicest nursery stock to planters with entire confidence.

Yours very truly,

Woodlawn Nurseries **ALLEN L. WOOD**

APPLES

OUR LIST embraces a CAREFUL selection of the BEST for the several seasons, those that have proved worthy of GENERAL cultivation.

The lighter grades offered by us are those that are planted every season by the largest fruit growers. They prefer this lighter grade as they can head the trees to suit themselves. They are clean, nice trees, with good roots and well branched; for all practical purposes are equal to the heavy grade. Try them.

PRICES OF APPLES *and* CRABS

Excepting Otherwise Noted

		EACH	DOZ.	100
Three years, XXX,	5 to 7 ft.	25c	$2.50	$20.00

Yellow Transparent

SUMMER

Early Harvest—Medium, pale yellow, fine flavor, sub-acid; very productive. July.

Red Astrachan—Large, crimson, juicy, with rich, sub-acid flavor. Bears early; hardy. July.

Red June—Medium size, deep red; productive. July.

Yellow Transparent—A Russian apple of splendid quality. The hardiest and finest summer apple grown. July and August.

AUTUMN

DUCHESS *of* OLDENBURG—A large, beautiful Russian apple, round, streaked red on yellow ground; tender, juicy, very hardy. Sept.

Fameuse (Snow)—Medium, deep crimson, flesh very white, tender, crisp and juicy, sub-acid. Oct.

Gravenstein—Very large, round, yellow, flesh tender, juicy, crisp, aromatic, sub-acid. Sept.

IOWA BEAUTY—Large and handsome, roundish, splashed and striped with red. Excellent quality. Sept. and Oct.

Maiden's Blush—Medium, pale yellow, red cheek, fine quality, sub-acid. Oct.

Rambo—Medium streaked and splashed with red, rich, sub-acid. Oct.

Iowa Beauty

WINTER

ARKANSAS BLACK—An Arkansas apple resembling the Wine Sap, only larger, very productive. Dec. to May.

BALDWIN—Large, roundish, skin deep red, flesh juicy, crisp, sub-acid, good flavor. Very vigorous and productive. Dec. to March.

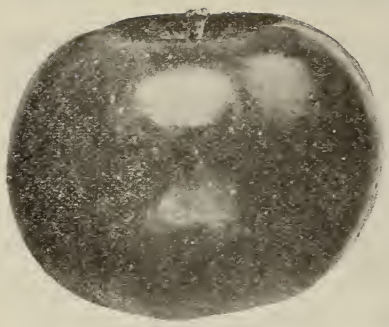
Baxter—Originated in Canada. Fruit uniformly large, handsome, delicious, mild acid. Tree extremely hardy, vigorous and productive. Dec. to May.

BEN DAVIS—The great market apple. One of the best for profit. Very early bearer and yields an immense crop of large sub-acid, bright red, fine shaped fruit. Dec. to Apr.

Bellefleur—Large, oblong, yellow, tender, juicy, crisp, sub-acid; fine quality. Dec. to Feb.

Fallawater—Large, yellowish green, sub-acid; very productive. Nov. to Mar.

Gano—Originated in Missouri. Form conical, good size and smooth; deep red, shaded on the sunny side to mahogany; very attractive; flesh pale yellow, fine grained, tender, pleasant, mild sub-acid; is a good shipper and keeper. Tree healthy, vigorous and hardy; an annual and prolific bearer. Jan. to May.



Baldwin

Golden Russet—Medium, very tender, juicy, rich, sub-acid; fine quality. Oct. to Jan.

Grimes Golden—Good size, yellow; high quality, hardy. Nov. to Mar.

Hubbardson Nonsuch—Medium, red striped, tender, juicy, productive. Nov. to Mar.

Iowa Blush—Medium size, roundish-conical; whitish with red cheek; quality fine, tart. Tree vigorous and hardy; most excellent for the prairies. Nov. to Jan.

Jonathan—One of the most beautiful of dessert apples. It succeeds wherever grown. Tree hardy, forming an upright, spreading round head. Flesh white, tender, juicy, with a mild, sprightly, vinous flavor; of the Spitzenburg class. Nov. to April.

McIntosh Red—A very fine apple of the Fameuse class, hardy; large dark red; flesh white, very tender, splendid quality. A prolific bearer, but inclined to drop. Nov. to Feb. **Each 35c; Dozen $3.50; 100, $25.00.**

Northern Spy—Crisp, tender, high quality, fine shaped, beautiful coloring. Red, usually striped, sub-acid. Nov. to Mar.

N. W. Greening—Originated in Waupaca County, Wisconsin. Tree a straight, thrifty grower, hardy, and an early and continuous bearer. Fruit large to very large, smooth, yellowish-green and attractive. Will keep in an ordinary cellar until July, and two seasons growth has been exhibited side by side. Nov. to May.

Fallawater

N. W. Greening

Pewaukee—A seedling from Duchess of Oldenburg. Fruit medium to large, surface bright yellow, partially covered with dull red; quality good. Tree strong grower and very hardy. Dec. to May.

KING—An apple of the largest size; deep red, round, flesh yellow, juicy, acid, tender. A first-class apple for export, as it ships and keeps well. Nov. to Mar.

Longfield—A very hardy apple; early and abundant bearer. Fruit large, conical, yellow striped with red, sub-acid; in season during the fall and early winter.

Rambo—Medium size, flat; yellowish-white in the shade; flesh greenish-white, very tender, rich and mild. Oct. to Dec.

R. I. GREENING—Large greenish-yellow; flesh yellow, fine grained, tender, crisp, juicy, sub-acid. Fine for cooking. Very productive. Nov. to Mar.

Seek-no-Further—Large, striped red, fine grained, tender, sub-acid, good; productive. Oct. to Feb.

Spitzenburg—Medium, dull red; flesh yellow, firm, juicy, delicious, sub-acid. Nov. to Mar. **Each 35c; Dozen $3.50; 100, $25.00.**

Stark—Large, red, juicy, sub-acid, mild flavor. Nov. to Mar.

King

Peerless

PEERLESS—Originated in Minnesota. Its powers of endurance have been put to the test by severest exposure to the worst enemies of apple culture in Minnesota, and it has flourished through all. The quality of the fruit is excellent. For this severe climate, where we require hardy trees, blight proof trees, and productive trees, the tree that most nearly meets the requirements is the *Peerless*. **Each 35c; Dozen $3.50; 100, $25.00.**

Stayman's Wine Sap—Similar to Wine Sap except larger, better quality and more productive. Dec. to May.

Scott's Winter—This is a very hardy variety and has been long tested. An early and profuse bearer; flesh yellowish-white. Sub-acid in quality. Dec. to June.

Wealthy

Talman Sweet—Medium, pale whitish-yellow; flesh white, fine grained; very hardy and productive. Nov. to Mar.

WAGENER—Medium, yellow, shaded with crimson; very tender, juicy, crisp, early bearer. Mild acid, fine flavor. Very productive and a fine apple. Nov. to Feb.

Walbridge—Medium, striped red; crisp, tender, juicy, sub-acid; productive. Jan. to May.

WEALTHY—An American apple. Very handsome appearance and early fruiting. Hardy and productive. Fruit large size, roundish, skin smooth, splashed with dark red; flesh white, tender, juicy, sub-acid. Nov. to Jan.

Winter Banana

WINE SAP—Medium, deep red; firm, crisp, high flavor; popular in Southwest. Dec. to May.

WINTER BANANA—An excellent new apple of large size, very showy in appearance, roundish, deep yellow with red cheek. In season in November and keeps well till spring. **Each 35c; Dozen $3.50; 100, $25.00.**

Wolf River—Very large, yellow shaded with crimson; acid, juicy. Dec. to Feb.

YORK IMPERIAL—Medium, whitish shaded crimson; firm, crisp, juicy, mild, sub-acid. Nov. to Feb.

Also the following additional varieties: Mammoth Black Twig, Missouri Pippin, Ontario, Paragon, Rawle's Janet, Reagan Red, Salome, Utter's Red, Ramsdell's Sweet, Sweet Bough and Smokehouse.

CRAB APPLES

Hyslop—Large, dark rich red, flesh yellow, sub-acid; productive, hardy and popular. Oct.

TRANSCENDENT—Large, yellow with rich crimson cheek. An improved Siberian crab. September.

Whitney—Large, greenish striped with carmine; flesh firm, juicy and rich. Season last of August.

STANDARD PEARS

STANDARD PEARS prefer a strong loam, but succeed well in a great variety of soils, and upon almost any land that will produce good crops of vegetables or grain. Pears will keep longer and their flavor be greatly improved by picking before they are quite mature and ripening them in the house.

PRICES OF STANDARD PEARS:

Except Otherwise Noted

		Each	Dozen	100
Three years	XXX 6 to 7 ft.	35c	$3.50	$25.00
Three years	5 to 6 ft.	25c	2.50	20.00
Two years	4 to 5 ft.	20c	2.00	15.00

Bartlett—Most Profitable Market Pear

SUMMER

BARTLETT—Large size, rich, melting, delicious; everywhere successful. Blossom sterile, requiring other varieties planted near by to insure fertilization. 5 to 6 ft. **Each 40c; dozen $4.00; 100, $30.** Sept.

Clapp's Favorite—Very large and showy, golden yellow with red cheek; very productive. Ripens a week before Bartlett. August.

Koonce—Fruit large, yellow with crimson cheek; quality good, spicy, juicy, sweet; very early.

Wilder—Medium size, yellow with carmine shading; fine grained, tender, sub-acid. August.

AUTUMN

Beurre Clairgeau—Very large and attractive; color rich yellow and red; flesh coarse. Keeps well; excellent for canning and market; very productive. Sept.

Duchess de Angouleme—Very large, greenish yellow, tender, melting, buttery and juicy; does best as a DWARF. Oct.

FLEMISH BEAUTY—Large, sweet, melting; very productive; very hardy. Sept.

KIEFFER—Very large, deep yellow with russet dots; juicy, sweet, coarse; immensely productive; very early bearer. Fine for canning. Oct. and Nov. *See Bargain Offer.*

ROSSNEY—Medium to large size; fine grained, melting, juicy, very sweet; excellent keeper and shipper. Tree much stronger than Kieffer. 5 to 7 ft. **Each 40c; dozen $4.00; 100, $30.** Oct.

Flemish Beauty

Seckel—Small, finest flavor; excellent for pickling and dessert; very productive. 5 to 6 ft. **Each 40c; dozen $4.00; 100, $30.** Sept.

Sheldon—Medium size, round, russet and red; melting, rich, very juicy, delicious. Fine for dessert; very productive; keeps well. Oct.

WORDEN-SECKEL—A seedling of the Seckel, only larger. Skin smooth and waxy with russet dots. 5 to 7 ft. **Each 40c; doz. $4; 100, $30.** Oct. to Dec.

Also Belle Lucrative, Early Harvest, Garber, Howell, Lincoln and Vt. Beauty.

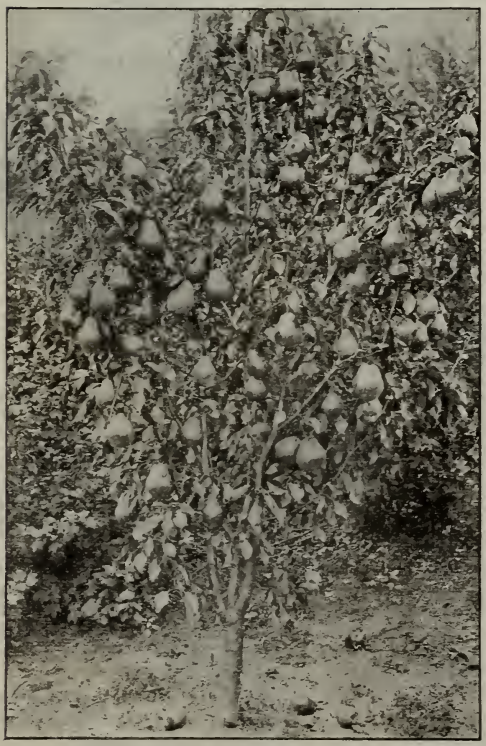
Rossney

WINTER

BEURRE DE ANJOU—A grand Pear; large, handsome, buttery, melting, rich; yellow when ripe. The finest pear grown. Oct. to Jan.

Lawrence—Medium size, golden yellow, melting, very rich. The finest early winter pear. Nov. to Dec.

Bargain Offer on Kieffer, XXX, 6 to 7 ft. Dozen, $2.00; 100, $18.



Dwarf Duchess

Dwarf Pears

PROFIT—It is claimed that there is more money in DWARF PEARS at $1.00 per barrel than in apples at $2.00.

CULTIVATION — Plant deep, with juncture of bud and stock fully three inches below the surface. Every year the new growth must be kept cut back one-half to one-third, and keep the top of the tree open, and the tree dwarf. Pinching top buds in the summer will produce fruit buds. Let them branch close to the ground; keep clean until well established.

Prices of Dwarf Pears:

Three year XXX, 3 to 4 ft., 25c each; dozen $2.50; 100, $15.

Two year old, 2 to 3 ft., 20c each; dozen $2; 100, $10.

BEST DWARF VARIETIES

Beurre de Anjou—Early winter.
Clapp's Favorite—Very early.
DUCHESS—Late fall, fine.
Louise Bonne—Early fall.
Lawrence—Early winter.
Seckel—For table and pickling.
Wilder Early—Early summer.

Select Plums

The Plum attains its perfection on a strong, clay soil.

German Prune

PLUMS--(European)

Fellemburg (Italian Prune)—Very large, rich dark purple, flesh juicy and good, freestone, tree spreading; productive. Sept.

GERMAN PRUNE—Medium size, dark blue, juicy, rich. Tree upright, vigorous and productive. Sept.

Green Gage—Small, delicious, very prolific, fine for table use. August.

Reine Claude—Large, yellowish green, juicy, melting, sugary rich flavor. Sept.

SHROPSHIRE DAMSON—Larger and better than common Damson. Oct.

Yellow Egg—Very large, golden yellow, fine quality; very productive. August.

PLUMS--(AMERICAN)

BRADSHAW—Very large, purple, juicy, excellent quality. Tree erect and vigorous, productive. August.

Gueii—Very large, deep purple; flesh yellowish, sweet; early and prolific bearer; hardy. Sept.

Hale—A large, handsome plum, bright orange, mottled with cherry red; flesh yellow, quality good. Originated in California. Sept.

Imperial Gage—Medium size, yellow, juicy, rich, delicious, productive; strong grower. August.

LOMBARD—Medium, violet red, juicy, pleasant and good. The tree adapts itself to any locality; it is extremely hardy, producing good crops where many varieties will not even grow; it is a strong growing tree; it is exceedingly productive. The fruit usually hangs so thick on the limbs that by thinning out one half it will make the remaining larger, brighter and better fruit.

SEE GREAT BARGAIN OFFER.

Niagara—Identical with Bradshaw or nearly so. August.

Shipper's Pride—Very large, dark purple, juicy, sweet, fine quality. Hardy and productive.

Shropshire Damson—(**Prune Damson**)—An English variety of great merit for preserving. Large and much more desirable than the common Damson. Tree vigorous grower, hardy and an abundant bearer. Oct.

TATGE—Evidently a seedling of the Lombard. Is larger, more nearly round, darker color and finer quality than that well known and excellent variety. Claimed to be the hardiest, most productive and longest-lived plum known.

Bradshaw

Lombard

PLUMS--Japanese and Hybrids

ABUNDANCE—Fruit large. Color amber, turning to a rich bright cherry red, flesh light yellow, juicy, tender and delicious, freestone. The tree is a strong, upright grower, immensely productive. Season early.

BURBANK—Flesh yellow, firm, tender and very juicy, rich, sweet and aromatic. Blooms late; very productive. Tree spreading. Unsurpassed for beauty and productiveness, as well as great hardiness of tree. It is the very best of the Japan Plums. Its great beauty makes it one of the best market varieties.

SEE BURBANK BARGAIN OFFER.

Climax—Tree extremely vigorous, upright with strong branches and very large leaves. Productive as Burbank, about as large, two or three weeks earlier and more richly colored.

NOTE--Special offers on Burbank and Lombard.

October Purple—Originated by Burbank, who regards it as one of the best introduced. Flesh yellow; superb quality; stone small. Medium.

RED JUNE—Fruit medium to large, deep vermilion red, flesh light lemon yellow, slightly sub-acid; half cling, pit small. Tree hardy, upright and productive. Very early.

Burbank

Satsuma — Large, nearly round, purplish-red; flesh firm, juicy, dark red, pit small. Medium.

Wickson — Large, color carmine with a heavy white bloom; stone small; flesh fine, firm, sugary and delicious.

Red June

Willard—Fruit medium size, bright red, firm, freestone, handsome, keeps a long time. Being very early brings a high price. Earliest.

Bargain Offer on Burbank and Lombard Plums:

	Doz.	100
6 to 7 ft. XXX,	**$2.00**	**$12.50**

SELECT CHERRIES

THE Cherry thrives best in a sandy or gravelly soil, and there attains its highest perfection, but will do well in almost any situation except a wet one. Our lighter grades are fine, well rooted, splendid trees.

CHERRIES--Dukes and Morellos. (Sour)

PRICES OF SOUR CHERRIES

		Each	Doz.	100
Three years XXX	4 to 5 ft.	**35c**	**$3.50**	**$30.00**

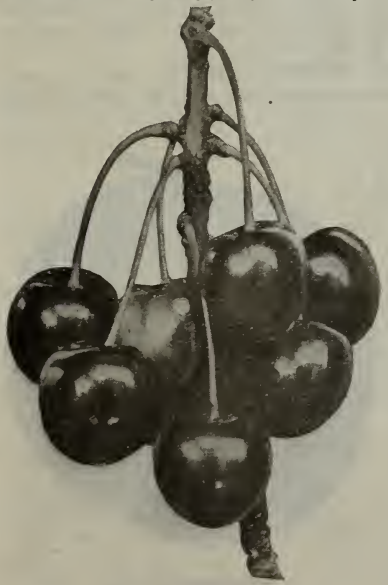
Two "	2 to 3 ft.	**20**	**1.50**	**10.00**

Dyehouse—Medium size, like Early Richmond, but said to ripen a week earlier. June.

EARLY RICHMOND—Medium size, bright red, acid, very hardy and productive. Fruits very young. June.

English Morello—Medium size, dark red, acid, late; dwarf. Very hardy; early bearer. July.



Black Tartarian

Large Montmorency--Most Profitable Hardy Market Cherry

LARGE MONTMORENCY—Fruit large, bright red, fine flavor; very hardy and immense bearer. Season a little later than Early Richmond.

Ostheime—Large, tender, juicy, almost sweet, very good, extremely hardy. July.

Also, Baldwin and Louis Phillippi.

Cherries--Hearts and Bigarreaus. (Sweet)

PRICES OF SWEET CHERRIES

		Each	Doz.	100
Three years XXX	5 to 7 ft.	**50c**	**$5.00**	**$40.00**
" "	4 to 6 ft.	**40**	**4.00**	**30.00**
Two "	3 to 4 ft.	**25**	**2.50**	**15.00**

BLACK TARTARIAN — Fruit very large, heart shape. Dark purple, tender, rich, good, very prolific. June and July.

Govenor Wood—Large, light red, tender, delicious. Very early and productive. June.

Napoleon—The largest size, yellow with red cheek. Very firm, juicy and sweet. Very valuable for market and shipping; enormously productive. July.

Schmidt's Bigarreau—A fine, rich, deep black cherry; very large. Flesh firm, dark, tender, juicy and rich. Tree thrifty, upright grower, fine for market. Very late.

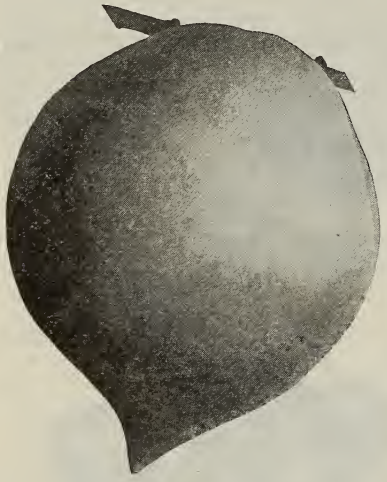
Windsor—Very large, liver colored, finest quality; very vigorous and productive. Firm and excellent for shipping. Very late.

Yellow Spanish—Large, early, yellow with bright red cheek. Heart shape; firm, juicy, rich, high flavored; makes a large tree; much grown for market. End of June.

Also, Bing, Centennial and Lambert.

SELECT PEACHES

THE ease with which Peach Trees may be cultivated, their comparative freedom from disease, the short period before they become productive, with the immense demand for the fruit, make Peach growing extremely profitable. These smaller grades are fine, well-rooted and nicely branched trees. Used altogether by orchard planters.



Elberta

Prices of Peach Trees, except otherwise noted:

	Each	Doz.	100
2 to 3 ft. high	10c	75c	$ 5.00
3 to 4 ft. high	15c	$1.25	8.00
4 to 5 ft. high	20c	1.50	10.00

ALEXANDER—Medium, white covered with red; juicy and sweet; semi-cling. July.

Carman—Large, oblong, pale yellow with deep blush; flesh tender, juicy and fine flavor; very hardy and a heavy bearer. August.

Champion—A white freestone, ripening about Sept. 1st. It is hardy, productive, early, largest size and highest flavor.

CRAWFORD'S EARLY—Very large, yellow, rich, sweet, luscious, free. Sept.

Crawford's Late—Very hardy, large, yellow, rich, sweet; free. Sept.

ELBERTA—Among peaches Elberta takes the lead for beauty, size and quality. It is one of the hardiest, as large or larger than Crawford's Early, and fully its equal in beauty and flavor. One of the finest yellow freestone peaches. Ripens slightly later than Early Crawford.

FITZGERALD—A native seedling as large or larger than Crawford; freestone, very best quality. A heavy bearer, fruiting very young, almost invariably the second year after planting. Very hardy. Ripens just after Crawford's Early.

Foster—Originated near Boston, Mass. Large; deep orange-red; flesh yellow, rich and juicy. Sept.

Greensboro—Larger and earlier than Alexander, and is nearly freestone. It is colored beautifully with crimson; the flesh is white and of good flavor. Aug.

Hill's Chili—Tree very hardy, slow grower, great bearer; excellent. Early September.

LAMOTTE—Magnificent, large, yellow peach of good quality; tree vigorous and productive. Its fine size, beauty and great productiveness make it one of the most desirable sorts. No other variety is so free from fungus diseases. Its season is nearly two weeks later than Elberta. Coming at this time it makes a great acquisition to the peach family; its big week following the big week of the Elberta by ten days so that in an orchard of Early Crawford, Elberta and Lamotte, you have three of the finest varieties. Flavor is equal to the Early Crawford and its great beauty will enable you to get the highest prices.

Price, 4 to 5 ft. trees, each 25c; doz. $2.50; 100, $20.
3 to 4 ft. trees, each 20c; doz. $2.00; 100, $15.

Fitzgerald

PEACHES--Continued

Niagara—Niagara is the largest, most beautiful, and most profitable of all peaches. It has been called the improved Elberta. It is the great market peach in Western New York.

Stump—Very large, roundish; skin white, with a bright red cheek; flesh white and juicy. End of Sept.

TRIUMPH—It ripens with Alexander, blooms late, has large flower; a sure and abundant bearer. The fruit is of large size, with a very small pit, and is indeed beautiful. Flesh bright yellow, free when fully ripe and of excellent flavor.

Wheatland—Extra large size, handsome golden color; ripens between Early and Late Crawford; excellent quality; very firm and bears shipment well; freestone.

Lamotte

Triumph

WILLETT—One of the largest and finest peaches grown, specimens having measured 12 inches in circumference, weighing ¾ of a pound each; flesh yellow, juicy, rich and excellent; skin yellow, covered with dark red. Last of Sept.

Note our Special Low Prices on the lighter grades of Peaches. ***GREAT BARGAINS.***

Also Chair's Choice, Crosby, Early Canada, Globe, Gold Drop, Heath Cling, Kalamazoo, Mt. Rose, Old Mixon Free, Sneed, Stevens' Rareripe and Wager.

GREAT BARGAINS—While they last, 12 of your own selection, 2 to 3 ft. Peach Trees, for $1.00. Mail or Express prepaid. Order immediately and take no chances

APRICOTS

APRICOTS are a rich, delicious fruit, coming between cherries and peaches; very much like the peach in outward appearance, but like the plum in quality and texture. One of the finest fruits for drying and they fill a season when there are no other large fruits.

Prices of Apricots: Each 25c; Dozen $2.50; 100 for $20.

Early Golden—Small, pale orange, juicy and sweet; hardy, productive. July.
Montgamet—Medium size, early; juicy and excellent; hardy. July.
Russian—Small, yellow; very hardy and productive. July.

QUINCES

Prices: Two years, 3 to 4 ft., XXX, each 40c; doz. $4; 100, $30. Two years, 2 to 3 ft., each 30c; doz. $3; 100, $20.

BOURGEAT—A French variety. Very productive, healthy and thrifty. It grows in tree form like pears or plums. The fruit is very large, smooth, golden yellow, of the best quality, tender; ripens just after the orange, and will keep past mid-winter in perfect condition.

Champion — Very large size, rich, golden yellow when ripe; a great bearer; very late. November.

ORANGE—Very large, bright golden yellow, fine quality; flesh firm, cooks tender. Oct.

Rea's Mammoth—Very large, bright golden yellow. Ripens very early; very prolific. October.

Choice Strawberry Plants

WE are greatly pleased to offer our customers this year some new Strawberries of great merit. An improvement over many kinds being offered by other dealers and growers. You must grow good varieties to succeed. Get the best; it costs no more.

STRAWBERRY PLANTS BY MAIL

At dozen rates we pay postage, at hundred rates add 20c per 100.

Nick Ohmer, Per.—A fancy market berry and always superb for the table. A giant in size; it is deep red all through, globular, high-flavored, delicious. **Price, 35c per 12; $1.00 per 100.**

Uncle Jim, Per.—It is wonderfully productive and the fruit is large. A variety for home garden where the highest quality is desired. **Price, 35c per 12; $1.00 per 100.**

World's Wonder, Per.—This great strawberry is as productive as the Haverland, but twice as large. Fruit is a bright red color and does not turn dark after being picked. Ripens early and brings extra fancy price on market. Will produce a large crop on either high or low land. The fruit is so firm and its keeping qualities are so excellent that it does not need to be picked oftener than once in three days. You will have to order early as our stock is limited, for we intend to replant several acres for fruiting. We know that we can make more money by settting them out to fruit. **Price of World's Wonder Strawberry, 35c per 12; $1.00 per 100; $8.00 per 1000.**

Early Beauty, Per.—This new berry originated in Iowa. Last year was the first time we fruited it. The fruit is medium to large, about the size and shape of Haverland and fully as productive. **Price, 35c per 12; $1.00 per 100.**

Armstrong, Per.—This strawberry was brought over from Germany several years ago. It is very productive on heavy soil and it produces very large berries. **Price, 30c per 12; 65c per 100; $4.00 per 1000.**

Brandywine, Per.—A late and firm berry; a good shipper and canner; very productive; fruit large and of good color, bright red all over and of good quality. **Price, 30c per 12; 65c per 100; $3.50 per 1000.**

Senator Dunlap, Per.—Season early to medium. Popular market sort. It withstands all conditions of weather beyond the average. Very productive, dark red through and through. **Price, 30c per 12; 65c Per 100; $3.50 per 1000.**

Bubach, Imp.—Fruit large, handsome, roundish conical, bright scarlet, moderately firm, of fair quality. Season early to medium. **Price, 30c per 12; 65c per 100; $4.00 per 1000.**

Echo, Per.—Introduced by us. This great table berry has the highest and richest flavor of the natural wild strawberry, quite unknown among native varieties. Very productive; fruit large and mostly planted for family use. **Price, 35c per 12; $1.00 per 100.**

Stevens' Late Champion, Per.—A late money-making variety, yielding enormous crops of large, beautiful and good berries that ship well very late in the season after all other varieties have ripened and disappeared. **Price, 35c per 12; 75c per 100; $4.00 per 1000.**

Wm. Belt, Per.—A well tested variety that is giving remarkable satisfaction as a large, handsome productive berry for market or home use. Ripens all over without green tips; good quality; carries well to market and brings highest price. **Price, 30c per 12; 65c per 100; $3.50 per 1000.**

We have the following additional varieties which are too well know to require separate description: Beder Wood, Glen Mary, Sample, Haverland, Michaels Early and Wilson. **Price 30c per 12; 65c per 100; $3.50 per 1000**

RED RASPBERRIES

Note—If you want Raspberry plants sent by mail or express, add one cent per plant.

Marlboro—Large size, light crimson color, good quality and firm. Vigorous and productive. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Schaffer—This is the best known of the purple Raspberries. It is very vigorous, large and productive. It picks easier than Columbian, but is not so firm. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Ruby—New. This early new berry is just what fruit growers have been looking for. In the ruby we have earliness, vigor, hardiness, large size and great productiveness. It resembles the Marlboro in color of fruit, but is a stronger grower. It has proved itself to be the most profitable sort wherever tried. Ripens with the earliest. 4 for 25c; 60c per 12; $3 per 100; $20 per 1000.

RUBY—Earliest of all

HERBERT

Golden Queen — Yellow Variety. This variety is almost identical with Cuthbert, except in color. Fruit large, productive; Quality first class. 60c per 12; $2 per 100.

Herbert (Iron-Clad Variety)—New. A seedling found about fifteen years ago, by Mr. Whyte, of Ottawa, Canada, and was sent out by him in 1896 to the experimental Station for testing. It has undergone a thorough test beside all the older varieties, as well as all later productions and has completely outclassed them all in hardiness. It has stood 30 degrees below zero without freezing. Fruit is bright red, somewhat oblong in shape. It is the largest of all red raspberries, larger even than the Cuthbert; sweet and juicy. Very best for table use. Enormously productive, outbears the Cuthbert and is a week earlier. Holds its size well to the end of the season. Price, 2 for 25c, $1.50 per 12; $8 per 100.

See bargain offer on Burbank and Lombard Plums on Page 7

WOOD'S IMPROVED CUTHBERT, Most Profitable Market Raspberry.

COLUMBIAN, Very Productive.

Cuthbert, Wood's Improved Red—Has excelled all other late varieties of Red Raspberries. For the past eleven years we have propagated it from our very best bushes and now have Cuthberts far ahead of the average. The Cuthbert is the leading market variety all over the country. Flavor sweet, rich, luscious. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Columbian—For canning purposes it is undoubtedly the very best raspberry in cultivation, yielding as high as 8000 quarts per acre. Unlike some kinds, it does not go to pieces in the process of canning, and does not shrink. Perfectly hardy, and grown largely for evaporating, retaining color, form and flavor remarkably. Price, 4 for 25c; 50c per 12; $1.50 per 100; $12 per 1000

BLACK CAPS

Black Diamond—Has distinguished itself among fruit growers of Western New York. It is the leading variety for market and home use. Berries are about the size of Gregg; ripens early; sweetest berry known; fine flavor; with few seeds, yet firm enough to be a No. 1 shipper. For drying and evaporating it excels all others. Price, 40c per 12; $1.50 per 100; $10 per 1000

Ohio, (Black)—An old well known variety. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Palmer, (Black)—Early; fruit dull black and of good size; nearly sweet, good in flavor and quality. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Gregg, (Black) — Plants vigorous, hardy and productive; fruit above medium to very large; attractive black; firm and rather sweet when fully ripe. Price, 40c per 12; $1.50 per 100; $10 per 1000.

Cumberland, (Black)—Plants vigorous, hardy and productive in most places. Fruit large, attractive black; one of the most desirable varieties for commercial purposes. Mid-season. Price, 40c per 12; $1.50 per 100; $10 per 1000.

BLOWERS

Blowers—"The giant of all Blackberries;" found in Chautauqua Co., N. Y. some fifteen years ago. An upright mammoth grower; very hardy and enormously productive. Large, glossy and luscious berry. We saw it growing in four places last year and it was extra good everywhere. One fruit grower told us that it had not failed with him since it commenced to bear nine years before. A single plant produced over 2,600 berries. It commences to ripen about the middle of July and bears about two months. Fruit is very large and of good quality. **Price, 4 for 25c; 60c per 12; $3.50 per 100; $25 per 1000.**

Kansas—It is of the largest size, strong vigorous grower, standing extremes of drought and cold and bearing immense crops. Early, ripening just after Palmer. Berries size of Gregg, of better color; presents a handsome appearance, and brings highest price in market. **Price, 40c per 12; $1.50 per 100; $10 per 1000.**

BLACKBERRIES

If you want Blackberry plants sent by mail or express prepaid, add one cent per plant.

Rathburn—A strong grower, medium height; forms a neat compact bush from four to five feet high, branching freely. It suckers but slightly; roots penetrate deeply into the soil; a valuable characteristic in dry season and locations. The fruit is large and handsome; jet black, high polish without any hard core; juicy, highly flavored; Very desirable for canning or table. **Price, 40c per 12; $1.50 per 100; $10 per 1000.**

Snyder—An old variety; plants vigorous, healthy; canes large, upright and hardy. Fruit medium, roundish. **price, 40c per 12; $1.50 per 100; $10 per 1000.**

Minnewaski—One of the largest and most productive; on trial several years and receives most favorable reports from nearly all sections. Fruit glossy, black, tender, juicy, sweet, fine aromatic flavor. Remarkably productive and hardy. Early. **Price, 60c per 12; $2 per 100; $15 per 1000.**

Early Harvest—Earliest to ripen. Fruit medium size, glossy black, very juicy. **Price, 40c per 12; $1.50 per 100; $10 per 1000.**

Eldorado—One of the hardiest; fruit medium to large, sweet and juicy; good color. **Price, 60c per 12; $2.00 per 100; $10 per 1000.**

Early King—Ripening about a week earlier than most varieties. Fruit medium size, slightly oblong. **Price, 50c per 12; $1.50 per 100; $12 per 1000.**

RATHBUN, largest of all Blackberries.

CURRANTS

If you want Currants sent by mail or express prepaid, add one cent per plant.

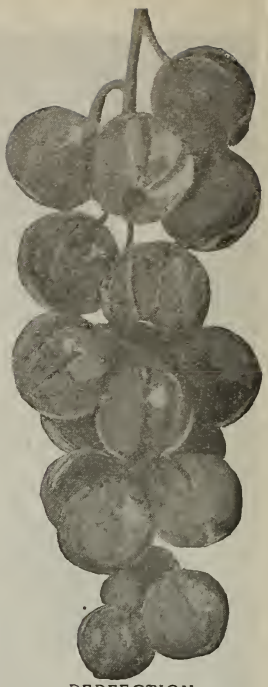
Fay's Prolific—The leading market variety; extra large stems and berries uniform in size. Easy to pick. Exceedingly productive. Bush vigorous, but not as strong a grower as some varieties. **Price of 2 yr. old plants, 10c each; 60c per 12; $4 per 100; $30 per 1000.**

White Grape—The largest and most productive white currant grown. Flavor sweet and fine for table. A garden is not complete without it. **Price of 2 yr. old plants, 10c each; 75c per 12; $5 per 100.**

Perfection—This grand new currant originated by a fruit grower near Rochester, N. Y. A cross between the Fay and White Grape. Received highest prize given any new fruit at the Pan American Exposition. Color bright red; larger than Fay; rich, mild, sub-acid; with few seeds and good quality. **Price, Each, 25c; Doz. $2.50; $15 per 100.**

Pomona—Medium size, clear bright red, excellent quality; hangs long time after ripe; holds up well on market. **Price of 2 yr. old plants, Each 10c; 60c per 12; $4 per 100.**

President Wilder—This variety is very popular with fruit growers. It is one of the strongest growers and very productive. Bunches of berries very large, bright attractive red color and hang on bushes longer than any other variety. **Price of 2 yr. old plants: Each 10c; 60c per 12; $4 per 100; $30 per 1000.**



PERFECTION

Red Cross—Greatest of all currants. The masses of fruit were so dense as to completely hide the bearing canes from view. We have cut off some of the branches thus heavily laden and sent them to the Rural New Yorker, Country Gentleman, as well as to leading pomologists. These people have said they never saw anything to equal the Red Cross as shown by specimen branches, it being much superior to Fay's in every respect. It is the most vigorous grower of all currants we have tested. **Price of 2 yr. old plants, Each 10c; 60c per 12; $4 per 100; $30 per 1000.**

RED CROSS

Cherry — Strong grower, fruit very large, sometimes measuring one-half inch in diameter. **Price of 2 yr. old plants, Each 10c; 60c per12; $4 per 100; $30 per 1000.**

Lee's Prolific (Black) — Considered one of the best black Currants. Fruit large; produces abundantly. **Price of 2 yr. old plants, Each 10c; 60c per 12; $4 per 100.**

We also have these additional two year old Currants, Each 10c; 60c per 12; $4 per 100. LaVersailles, Prince Albert, North Star, Victoria, Red Dutch, Black Champion and Black Naples.

PEARL

GOOSEBERRIES

If you want Gooseberries sent by mail or Express prepaid, add one cent per plant.

Downing—One of the oldest and best. Large, handsome, pale green, of splendid quality for both cooking and table use. **Price of 2 yr. old plants, 15c each; $1.50 per 12; $8 per 100.**

Houghton—A very productive hardy berry of medium size, and for general purposes one of the best. **Price of 2 yr. old plants, 10c each; $1 per 12; $6 per 100.**

INDUSTRY — An English variety. It is very popular in England. Fruit is large size, color dark red. The best of all English varieties in this country. **Price of 2 yr. old plants, 15c each; $1.50 per 12.**

Pearl—Best American variety, a cross between Houghton and a large English variety; very hardy, free from mildew, superior in size and quality, and more productive than Downing; is likly to supersede this standard sort. **Price of 2 yr. old plants, 15c each; $1.50 per 12; $8 per 100.**

Red Jacket—An American seedling of large size; smooth, prolific and hardy, of best quality. A wonderful cropper; bright, clean healthy foliage. **Price of 2 year plants, 15c each; $1.50 per 12; $10 per 100.**

ASPARAGUS, Barr's Mammoth

RHUBARB

Rhubarb (or Pie Plant)—For family or market. We have millions of well-rooted Rhubarb plants for sale. Have you a bed of Rhubarb in your garden? If not do not fail to start one this spring.

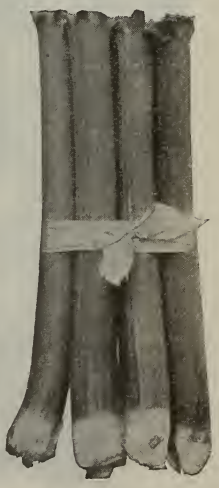
RHUBARB (Myatt's Linneaus)—Early, tender and very large; known as the sweetest pie plant. **Price of 2 yr. old plants, 10c each; 60c per 12; $3 per 100. Extra large, 3 yr. old plants for forcing in greenhouses, 15c each; $1 per 12; $4 per 100.**

ASPARAGUS

This earliest and finest of spring vegetables is among the easiest cultivated and most profitable. A bed once planted suffers no deterioration for thirty years or more, if it is properly attended to and well manured. **Price of Asparagus, 25c for 25; 75c for 100; $5.00 for 1000.**

Conover's Colossal—This variety is much superior in size and quality to any of the old common sorts, being remarkably tender and fine flavored.

BARR'S MAMMOTH — Plant even more robust and vigorous, and throws larger shoots, and fully as many of them, as Conover's Colossal or Palmetto, and the shoots remain white and above ground as long as they are fit for cutting.



RHUBARB, Myatt's Linneaus

Select Grapes

THE Grape is the most healthful of all fruits, and the most esteemed for its many uses. It can be grown by anyone who has a garden, a yard or a wall.

NOTE---If you want Grapes sent by mail or express, prepaid, add one cent per vine.

McKinley Early

McKinley Early, (New)—If you want extra quality and a very sweet grape, plant McKinley Early. It differs from all other grapes, in the fact that the pulp has no acid and parts easily from its few seeds, the skin has no puckery taste. It is the coming early grape for the market. It is a cross between Moore's Early and Niagara. Strong grower, bunches large, compact and handsome; berries large and oval like Malaga grapes; green at first, turning to yellow when fully ripe; very sweet. Extra quality; a good shipper; remarkable keeper; will hang on vines sound and perfect for weeks after ripe. Productive as Niagara and fully ten days earlier, with the richest flavor of any grape on the market.

McPike

McPike—This mammoth black grape has been exhibited in all parts of the country. Its great size, fine flavor and beauty creating quite a sensation. The bunches are large, even and compact, the berries sometimes three inches in circumference, covered with a rich bloom; ripening evenly and keeping well. The vine is very strong and thrifty in growth with great leathery leaves. Ripens with Worden.

Worden (Black)—A splendid grape of the Concord type, larger, better quality and earlier. Vines vigorous, hardy and productive.

Campbell's Early (Black)—Strong grower, with large, healthy foliage; productive, its keeping and shipping qualities are equaled by no other early grape. Ripens with Moore's Early. Stands at the head of early black grapes for quality.

Moore's Early (Black)—Bunch and berry large, round with heavy blue bloom; vine exceedingly hardy. Its earliness makes it desirable for an early market; its hardiness particularly adapts it to Canada and northern portions of the United States.

Concord--Most Profitable Hardy Market Grape

Concord—Bunch large, shouldered, compact; berries large, covered with a rich bloom. Vine a strong grower, very hardy.

Agawam (Roger's No. 15) (Red) — Berries very large, thick skin, pulp soft, sweet, sprightly, very vigorous, ripens early.

Diamond — Leading early white grape, ripening before Moore's Early.

Pocklington—Or "Golden Pocklington," retains its popularity, being one of the largest and most showy white grapes of the Concord type yet introduced.

Catawba—Berries large, round; when fully ripe of a dark copper color.

Lindley (Roger's No. 9) — Berries medium to large; flesh tender, sweet and aromatic; ripens early.

Alice—New red grape, ripens with Concord. Keeps all winter plump and fresh; hardiest in vine and fruit, strong grower, free from mildew or disease; immense yielder; rich in sugar.

Niagara—Occupies the same position among white varieties as Concord among black; leading profitable market sort.

Brighton—Perhaps the best red grape in cultivation. Bunch large, compact; strong grower and very productive; quality good.

Salem (Roger's No. 53)—Bunch large, compact; berry large, round, coppery red, tender, juicy. Ripens with Concord.

Delaware—Red, finest flavor. Bunch and berry small, compact; sweet, thin skin; slow grower; requires good soil.

TWO YEAR OLD GRAPE VINES, SHOWING THE REMARKABLE FINE SYSTEM OF ROOTS PRODUCED AT OUR NURSERIES.

Dear Sir:---Plants, vines and roses received in splendid condition. They are the nicest and best rooted plants that I have ever received from any nursery. L. O. HADEN, Virginia.

Dear Sir:---I received my order of grape vines all right, in good time and condition. Please accept my thanks as I am very well pleased with the stock. PHILIP FETTER, Pennsylvania,

ROSES

OUR Roses are 2 yr. strong, dormant plants, field grown, **well-rooted** and in every way first-class. They have in most cases already bloomed before being sent out and will give satisfaction and permanent success. **Each 25c; 6 for $1.30; Doz. $2.50. Except otherwise noted.**

NOTE—If by mail, add five cents for each plant

THE FINEST OF THE OLD SORTS

AMERICAN BEAUTY

ALFRED COLOMB—Bright Crimson; very large.
American Beauty—Large, deep rose; very double with a delightful fragrance.
Anne de Diesbach—A lovely shade of pink.
Baron de Bonstetten—Rich, dark red.

STAR OF FRANCE

Baroness Rothchild—A beautiful light pink, cupped form. Finest exhibition rose.
COQUETTE DES ALPS—One of the finest pure white roses; hardy and beautiful.
GEN. JACQUEMINOT — Crimson; rich and fine.
John Hopper—Bright pink; full.
Louis Van Houtte—Rich deep crimson.
LA FRANCE — Delicate silvery-rose, shaded to pink. Very large; superb form.
Mabel Morrison—White or tinged with blush. A very valuable white rose.

COQUETTE DES ALPS

Mad. Gabriel Luizet—Pink; very large and fragrant, cup shaped, rich and full.
Mad. Plantier—White; free blooming.
Magna Charta—Bright clear pink.
Marshal P. Wilder—Bright cherry-carmine; fragrant; vigorous, fine form.
Paul Neyron—Deep rose; double; large.
Persian Yellow—Golden-yellow; hardy.
PRINCE CAMILLE DE ROHAN—Deep velvety crimson. A splendid rose.

NEW ROSES

ALL TWO YEAR, FIELD GROWN

CLIO — Fresh color. Perfection in form and growth; fine broad petals; delicate texture; prolific bloomer; very fine.
STAR OF FRANCE — Velvety Crimson; very fine. **Each 50c; Doz. $5.**

EARL OF DUFFERIN—Rich, Brilliant velvety crimson, shaded with dark maroon; large, full, finely formed; delightfully fragrant.

Fisher Holmes—Large, crimson, vigorous and free flowering. Resembles Gen. Jacqueminot; fuller, darker, better bloomer.

Jubilee—Grand new rose; large; deep red, changing to crimson and velvety maroon.

Kaiserin Augusta Victoria—Delicate creamy-white with exquisite fragrance. Beautiful buds.

Madam George Bruant—A distinct variety of above; flowers in clusters; pure white, buds long and pointed.

MARGARET DICKSON—This beautiful rose cannot be too highly recommended. It is white with pale flesh center; petals very large, shell shaped; fragrant; a very strong grower.

Mrs. John Laing—Delicate salmon pink, fine form, very fragrant; blossoms continuously through the summer; one of the finest pink roses.

FRAU KARL DRUSCHKI—or Snow Queen. An exquisite new rose, absolutey pure white.

Mrs. R. G. Sherman-Crawford—Deep rosy pink, shaded with flesh. Blooms all summer.

ROSA RUGOSA—Of Japanese origin; flowers mostly single; plant very beautiful on account of its good habit and beautiful glossy foliage; colors, white and rosy crimson.

FRAU KARL DRUSCHKI

ULRICH BRUNNER—Brilliant cherry red, fine form and finish; petals of great substance; vigorous, hardy; one of the best.

Wichuraiana or Memorial Rose—A trailing species, valuable for covering banks, rockeries, etc., and for use in cemeteries. Pure white, 1½ to 2 inches across and strongly fragrant.

Annie Muller (Pink Baby Rambler)—This excellent novelty is the result of a cross between the Crimson Rambler and George Pernet. The shining brilliant-rose flowers are produced in large clusters and in great profusion from June until late in the fall. It is a grand rose in every respect and sure to gain the admiration of all. **Each 50c; Doz. $5.**

BABY RAMBLER—A dwarf (Bush not Climbing) Everblooming. Will bloom continuously through the summer. Has the same bright crimson color as the Climbing Crimson Rambler and blooms in clusters of 20 to 40 flowers at one time. It will grow and bloom with but ordinary treatment from one year's end to another when planted in pots in the house. We have grown a nice lot of thrifty plants for our retail trade.

BABY RAMBLER (4 years old)

CLIMBING ROSES

STRONG FIELD GROWN

Baltimore Belle — White tinged with blush; very double; flowers in clusters.

CRIMSON RAMBLER — A beautiful climbing rose from Japan, bearing large clusters of glowing crimson flowers. The plant is a vigorous grower.

DOROTHY PERKINS — This is a splendid, new, shell-pink climbing rose. This rose is of the same strong habit of growth as the Crimson Rambler. The flowers are large for a rose of this class, very double, sweetly scented and of a beautiful shell-pink color. Absolutely hardy.

Pink Rambler — White Rambler and Yellow Rambler are similar in growth to the Crimson but not quite as rampant growers, but very pretty used in combination with it.

Queen of Prairie—Rosy Red; flowers large and compact. Very popular.

Moss Roses

Crested—Pale pink buds; very beautiful.

Red—Beautiful red buds.

Salet — Red; an old favorite.

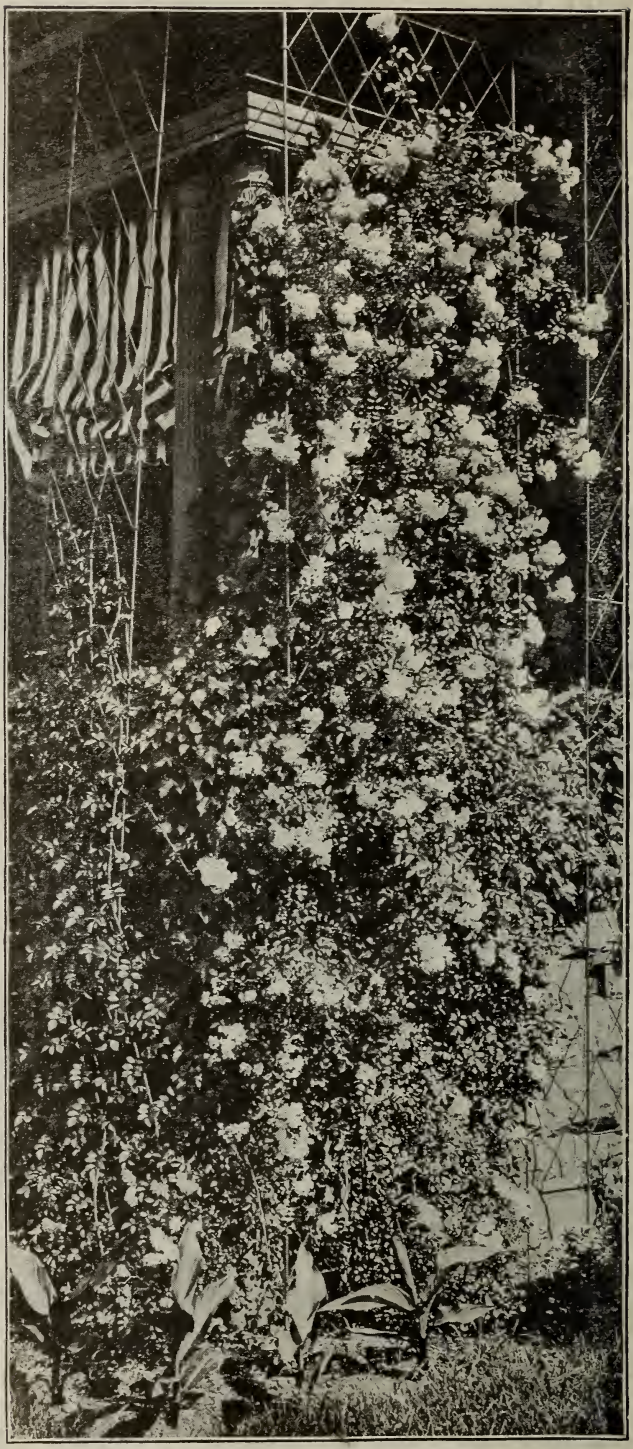
White — Very fine white flowers.

Tree Roses

THE TREE ROSES—are grafted on hardy rose canes four to five feet high, are tree shaped, and when in full bloom are objects of beauty, making handsome plants for the lawn. They need winter protection.

We can supply White, Red, Pink, Yellow and Crimson, named varieties, very fine, strong trees that will bloom the first year. **Each 75c; Doz. $7.50.**

THE TREE BABY RAMBLER — Half Standard (about 3 ft. high). **Each 75c; Doz. $7.50.**



1 year after planting. DOROTHY PERKINS 2 year after planting.

ORNAMENTAL SHRUBS

Price of shrubs, except otherwise noted—Each 25c; Doz. $2.50

Althea (Rose of Sharon)—One of the most showy flowering shrubs, strong, erect growing, with large bell shaped flowers of striking colors, borne abundantly in August and September, when most other shrubs are out of bloom. White, red, rose, purple, blue and variegated.

AZALEA (GHENT)—A hardy variety, with delightful perfume, blossoming during May and June. They do well in any rich garden soil, but do best in light moist ground enriched with leaf-mould. A good assortment of colors. **Each 50c.**

AZALEA (MOLLIS)—A beautiful species from Japan, with large flowers of fine shape, perfectly hardy. **Each 50c; Doz. $5.**

Calycanthus (Sweet Scented Shrub)—Very desirable; the wood is fragrant; foliage rich, flowers of a rare chocolate color, deliciously fragrant; blossoms in June and at intervals thereafter.

Cornus Elegantissima—A variety with dark green foliage, margined with silver and red; wood dark red. A beautiful and attractive free flowering shrub.

Deutzia, Crenata—Very beautiful and desirable; flowers double white, tinged with rose.

Deutzia, Gracilis—Dwarf; white flowers in June. Very beautiful.

DEUTZIA, PRIDE OF ROCHESTER—Very large double white flowers. It excels in size of flower, profuse bloom and vigorous growth; nearly a week earlier than Deutzia Crenata.

ELDER, GOLDEN (Sambucus Aurea)—A beautiful shrub, with golden green foliage, when planted in the sun. Very valuable.

Spirea, Van Houttei

Deutzia, "Pride of Rochester"

Forsythia (Golden Bell)—A medium sized shrub, with drooping yellow flowers early in the spring, before the leaves; very fine.

Fringe, Purple—A beautiful distinct shrub, with large bunches of feathery flowers which give the tree the appearance of being covered with a cloud of smoke.

Fringe, White—A fine shrub, with delicate fringe-like greenish-white flowers in May.

GOLDEN GLOW (Rudbeckia)—A glorious, hardy flowering plant, producing an immense show of golden-yellow flowers in July. Grows 6 to 8 ft. high. **Each 15c; Doz. $1.**

Honeysuckle (Upright or Tartarian)—Beautiful rose, red or white flowers in June.

HYDRANGEA PANICULATA GRANDIFLORA—Hardy in all sections of the country and very easy to grow. The flowers will be larger and finer if given good rich soil. The flowers are immense, greenish-white when first open, changing to pure white and turning pink with age. Commences to flower in July and remains in flower until November.

SPIREA, VAN HOUTTEI—Finest of the Spireas, giving a complete mass of drooping white bloom.

HYDRANGEA, P. G., TREE FORM—Same as above, but grown in tree form with single stem. Very fine and desirable. **Each 50c; Doz. $5.**

Lilac, Purple — Bluish purple flowers, standard variety; always good.

Lilac, White — Cream colored flowers, very fine.

PAEONIES — Fine hardy plants, rivaling the rose in perfection of bloom and coloring, and requiring little extra care, as they thrive and do well in any soil. Colors, Blush, Crimson, Purple, Pink, Red, Variegated, White and Yellow.

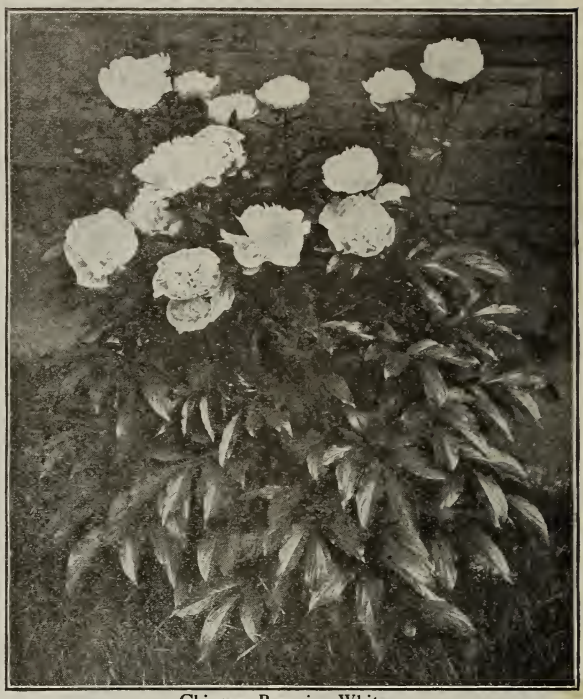
PAEONIA, FRINGE-LEAVED Beautiful foliage in thread-like filaments; flowers very double, of dark satiny crimson color. Rare and exquisitely lovely.

PHLOX (Hardy) — Very fine; perfectly hardy; beautiful plants. Colors, Purple, Lilac, White and Pink. **Each 15; Doz. $1.50.**

RHODODENDRON OR ROSEBAY — Magnificent flowering evergreen shrubs. They do best in a peaty soil, somewhat shaded, and require winter protection in exposed situations. Colors, Pink, Purple, Red and White. **Each $1.50; Doz. $15.**

Snowball (Viburnum)—The common large white snowball.

Snowball, Japan—An erect, compact shrub, blooming in June, the plants being completely covered with large balls of flowers as white as snow. The foliage is a dark green. **Each 35c.**



Chinese Paeonia, White

Spirea, Anthony Waterer — A new dwarf, flowered variety; 15 to 18 inches high, crimson flowers. Perfectly hardy; it makes a fine compact plant.

Spirea, Prunifolia (Bridal Wreath)—Double, daisy-like, pure white flowers in great profusion.

Syringa (Mock Orange)—Golden-leaves. A plant of medium size, with golden yellow foliage. It keeps its color the entire season; very sweet scented.

Syringa, Large-flowered — Very showy, large flowers, slightly scented.

Weigela, Candida—A strong, upright grower; flowers pure white; in great profusion in June.

WEIGELA, ROSEA—A beautiful shrub, bearing rose-colored flowers in May and June.

Weigela, Variegated—Beautiful foliage; very ornamental.

Hardy Hydrangea Paniculata Grandiflora. King of shrubs

CLIMBING VINES

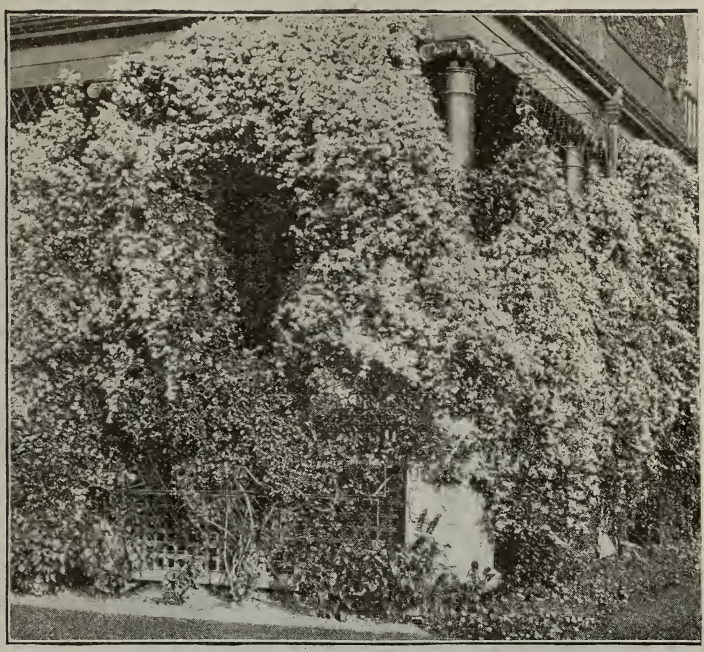
NOTE--IF BY MAIL, ADD FIVE CENTS FOR EACH VINE

CLEMATIS

Henryii—Single. The finest white Clematis. Very large fine flowers; grows rapidly. Blooms freely during summer and autumn. **Each 35c; 3 for $1.**

Duchess of Edinburgh — Double, pure white, very fine. **Each 35c; 3 for $1.**

Jackmanni--Single. Very large; deep purple; forms a perfect mass of the richest bloom. **Each 35c; 3 for $1.**



Clematis Paniculata

Mad. Ed. Andre—Flowers medium size, deep crimson-red; velvety; very free flowering, continuing during summer. Distinct and fine. **Each 35c; 3 for $1.**

PANICULATA—Single. White, of extremely rapid growth, with dark, shining green foliage, and a profusion of flowers which are small, but borne in large panicles. Very popular. **Each 25c; 5 for $1.**

AMPELOPSIS VEITCHII (Japan Ivy) — For covering buildings of brick or stone; for churches, walls, etc., requires no support, clings tightly to the smoothest surface. Bright green leaves changing to brilliant colorings in autumn. It has no equal. **Each 25c; 5 for $1.**

Birthwort or Dutchman's Pipe — A rapid growing vine with magnificent foliage and curious pipe-shaped brown flowers. **Each 35c; 3 for $1.**

HONEYSUCKLE (HALL'S JAPAN)—Almost evergreen, with pure white flowers, turning to yellow; very fragrant; vigorous, covered with flowers from July to Dec. **Each 25c; 5 for $1.**

Wisteria, Chinese Purple—One must see this plant in bloom to appreciate its magnificence. Perfectly hardy; it flowers in spring in long drooping racemes; very beautiful. **Each 35c; 3 for $1.**

¶ You cannot grow figs from thistles, neither can you grow perfect fruit from an inferior quality of Stock.

¶ The A B C of successful fruit growing—Buy good stock and then take care of it.

Hedging--Evergreens

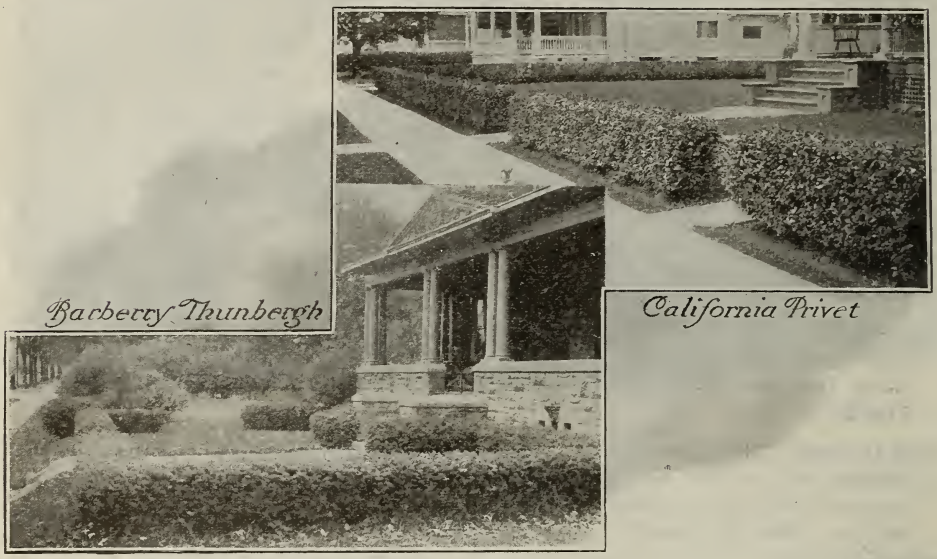
Arbor-Vitae—This is the finest of all evergreens, valuable for hedges; hardy, easily transplanted. 18 to 24 inches, **100, $10;** 2 to 3 ft., **3 for $1.**

Arbor-Vitae, Golden—Nearly spherical in outline with bright yellow tinged foliage. 2 to 3 ft. **Each 50c; Doz. $5.**

Juniper, Irish—A very pretty little tree. 2 to 3 ft., **50c.**

Spruce, Colorado Blue—The finest of evergreens. One of the most beautiful and hardy of spruces; foliage a rich sky blue; very handsome. 2 ft. **Each $2.**

Spruce, Norway—Of rapid growth and graceful drooping habit. One of the best for hedges and screens. 18 to 24 inches, **3 for $1; 100 for $15.**



Berberry Thunbergii

Hedging--Deciduous

BERBERRY THUNBERGII — Dwarf habits; small foliage, changing to red in the fall; very pretty. 15 to 18 in., **20c; dozen $1.50; 100, $7.50.** 18 to 24 inches, **each 25c; dozen $2; 100 for $10.**

CALIFORNIA PRIVET — This is the most gloss leaved and rapid growing of all the half-evergreen plants used for low hedges around private lawns and is the universal favorite. Adapted to all parts of the country. 2 to 3 ft., **10c; dozen, $1; 100, $7.50.**

Osage Orange—Highly esteemed at the West and South. Not hardy enough for the Northern States. 18 to 24 inch., **100 for $1.00, 1000 for $5.00.**

Minnesota

Dear Sir:—I wish to acknowledge the receipt of the berry plants you shipped. They arrived in excellent condition. I am well pleased with them as they are the best plants I have ever received.

Mrs. J. B. McCain.

Maine

Dear Sir:—The strawberry plants and fruit trees just arrived and I wish to say that they came in fine shape and are the best I have seen.

Fred O. Hanscom.

Kentucky

Dear Sir;—I received the strawberry plants that you shipped me yesterday, and they came in fine condition.

Mrs. S. H. Carnegy.

Maine

Dear Sir:—Received the strawberry plants in fine condition. They are the best plants that I have ever received from any nursery.

Isaac A. Johnson.

ORNAMENTAL TREES

Beech, Purple-Leaf—A beautiful lawn tree, with purple foliage. 3 to 4 ft., **50c.**

BIRCH, CUT-LEAVED WEEPING — One of the most elegant of all weeping trees. Its tall, slender, yet vigorous growth, graceful, drooping habit, silvery white bark and delicately cut foliage present a combination of attractive characteristics rarely met with in a single tree. 5 to 6 ft., **50c; dozen $5.** 6 to 8 ft., **75c; dozen $7.50.**

Catalpa, Speciosa—One of the most beautiful lawn or street trees, producing magnificent flowers early in the spring; very rapid growing; beautiful. 8 to 10 ft. **Each 50c.**

CRAB, BECHTEL'S DOUBLE-FLOWERED — Tree medium size, covered in early spring with beautiful double pink fragrant flowers that look like roses at a distance. **Each 50c.**

Cut-Leaf Birch

Elm, American White—A noble, drooping, spreading tree of our own woods; one of the grandest of park and street trees. 8 to 10 ft., **75c.**

Elm, Camperdown Weeping—Grafted 6 to 8 ft. high, this forms the most picturesque of drooping trees. The leaves are large, dark green and glossy. **Each $1.**

Bechtel's Double-Flowered Crab

Horse Chestnut—The well-known species; has magnificent spikes of white flowers. 6 to 7 ft., **75c.**

Judas Tree or Red Bud (American)—A small tree covered with pink flowers early in spring before the leaves appear. Very attractive and beautiful. **Each 50c.**

Laburnum (Golden Chain)—A fine tree, growing 15 to 20 feet high, with long racemes of golden flowers in June. **Each 50c.**

MAGNOLIA, ALEXANDER—Flowers cup-shaped, crimson-purple outside and pearl colored within. 4 to 5 ft., **$1.50.**

MAGNOLIA, SOULANGEANA — Flowers white and purple; foliage large, glossy and massive; very profuse; hardy and one of the most desirable. 4 to 5 ft., **$1.50.**

Silver Maple | Catalpa | Norway Maple

MAGNOLIA, SPECIOSA—Flowers smaller than Soulangeana, blooms later; hardy and desirable. 4 to 5 ft., **$1.50.**

Maple, Ash-Leaved—A fine rapid growing variety; very hardy, and excellent for avenues. 8 to 10 ft., **50c; dozen $5.**

MAPLE, NORWAY — A distinct foreign variety, with large, broad leaves of the deepest green. It retains its leaves long after other trees are bare. 6 to 8 ft., **75c;** 8 to 10 ft., **$1; dozen $9.**

MAPLE, SILVER-LEAVED — An excellent shade tree of rapid growth; desirable for quick effects. 8 to 10 ft. **Each 50c; dozen $5.**

MAPLE, JAPAN, BLOOD-LEAVED—One of the most striking and beautiful of the Japan Maples. 2 to 3 ft., **75c; dozen $7.50.**

Mountain Ash (European)—A fine hardy tree; head dense and regular, covered from July till winter with great clusters of bright red berries. 7 to 8 ft., **50c.**

Mountain Ash, Oak-Leaved — Similar to above with oak shaped leaves. Smooth and clean. 7 to 8 ft., **50c.**

Mulberry, Russian—Very hardy; much used for hedges and wind breaks. 5 to 7 ft., **50c.**

Mulberry, Teas' Weeping—Perfectly hardy, forming a natural umbrella-shaped top or head; foliage handsome; a fine ornamental tree for the lawn. 2 year heads. **Each $1.50.**

Plum, Purple Leaf (Pissardi)—Perfectly hardy; the leaves are rich purple, retaining their bright color through the entire season. Profusion of white blossoms in May, followed by small purplish-red edible fruit. 5 to 7 ft., **50c.**

Poplar, Carolina—A native tree of rapid growth, with large glossy leaves; valuable for park or street planting; a fine shade tree. Used extensively as a wind break. 6 to 8 ft., **35c; dozen $2.50;** 8 to 10 ft., **50c; dozen $5.**

Thorn, Paul's Double Scarlet — Flowers deep crimson, with scarlet shade; very double. 4 to 5 ft., **50c.**

Willow, Golden — A variety with yellow bark. Very fine. 6 to 8 ft., **50.**

Carolina Poplar

NUT TREES

English Filbert

ENGLISH FILBERTS—The sort usually sold at fruit stands. **Each 40c; Doz. $4.**

Shellbark Hickory—A Peculiar, rich native nut, in flavor excelled by none. **Each 50c.**

Shellbark Hickory

CHESTNUTS

American Chestnut

AMERICAN SWEET—Nut sweet, delicate flavor. **Each 40c; Doz. $4.**

Japanese—They bear at 3 years old and are very productive. Nuts large, four inches around and two to three to a burr. Ripens September 10th to 20th, without frost. **Each 75c.**

Japanese Chestnut

NUT TREES—(Continued.)

Spanish—A handsome round-headed tree, producing very large nuts. **Each 50c; Doz. $5.**

Spanish Chestnut

Walnuts

Butternut—A native tree, valuable for timber, and bearing an oblong, thick-shelled nut of delicious flavor. **Each 50c. Doz. $5.**

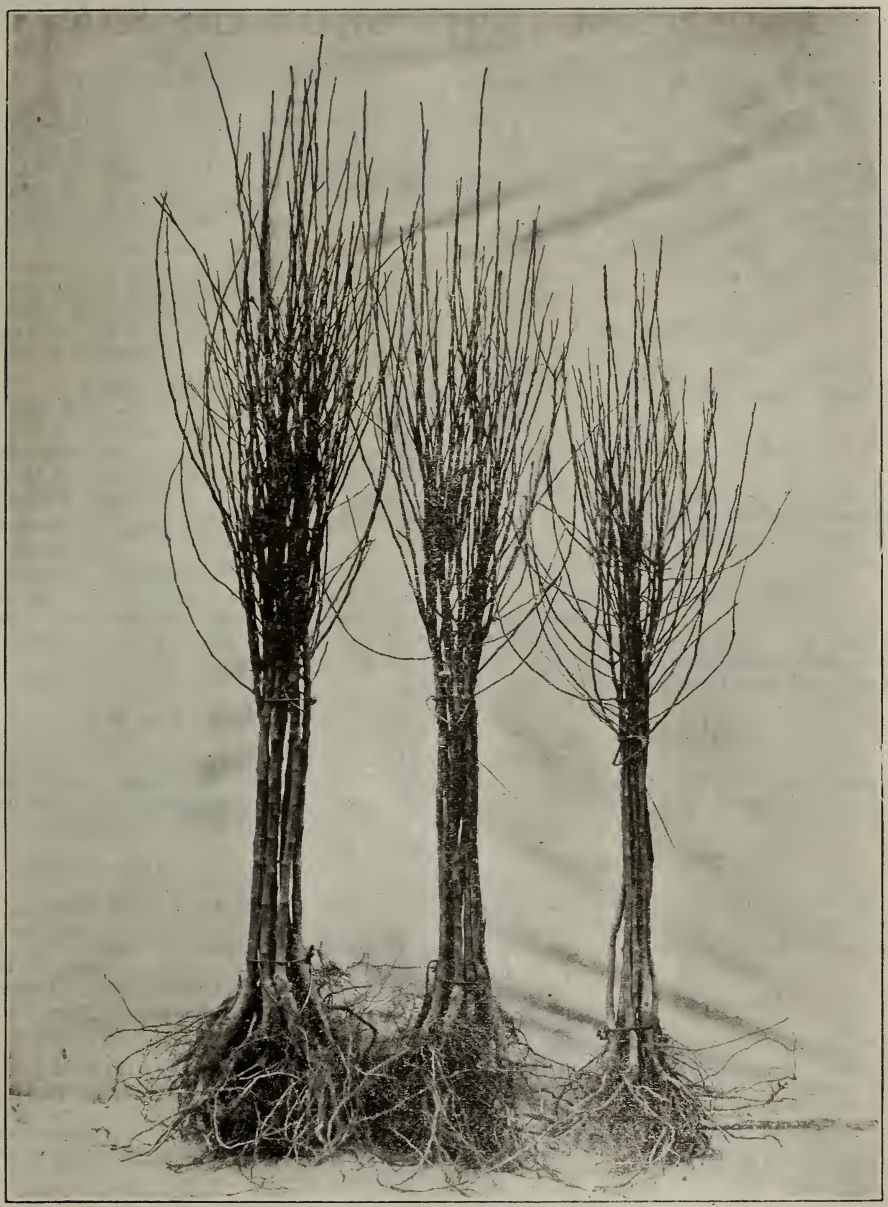
Black Walnut

Walnut, Black—A native tree of large size and majestic form. The most valuable of all trees for its timber. Tree a rapid grower, producing a large, round nut of excellent quality. **Each 50c; Doz. $5.**

Walnut, Japan—Perfectly hardy, rapid growing, handsome form, immense fern-like leaves, making one of the finest ornamental trees; bears young and abundantly. Worthy of extensive planting. **Each 50c; Doz. $5.**

Pecan—This is a native nut belonging to the Hickory-nut family. The tree is of tall growth and bears abundantly; not entirely hardy at the north, but should be planted wherever it will succeed. The shell is thin, the kernel sweet and delicious. 3 to 4 ft. high, **35c each; $3.50 per dozen.**

Pecan



Three Years XXX 6 to 7 ft. | Three Years 5 to 6 ft. | Two Years 4 to 5 ft.

THE above is taken from a photograph showing our *three grades of trees*. *Our Two Year Trees* are well *rooted* and have a *good top*, but not as large as the three years. Most of the *large Fruit Growers* prefer this grade as they can head these trees lower than the larger ones.

LOOK at our Bargains in Peach Trees. Two to three feet, 12 for $1.00, by mail or express prepaid. Only $5.00 per 100. Freight not paid.

READ WHAT FRUIT GROWERS SAY:

Sold $62 worth from 200 Currant Bushes

Illinois.

Dear Sir:—This is my second picking since I set out the Currants you sent me and I do not think they can be beaten. The fruit is as large as any and clusters hang thick and full and from five to six inches long. I did not lose a single plant out of 200. I got as high as six quarts from one plant and sold $62 worth this season.

Voel Voellneger.

From Washington

Washington.

Dear Sir:—Your shipment of March 21st arrived in good order.

Mrs. F. M. Stason.

As Good as any I ever Bought

Illinois.

Dear Sir:—My order for currants received in good condition and the plants are as good as any I ever bought.

C. Knapp.

All in Good Condition.

New York.

Dear Sir:—The trees arrived and were well packed and most of them were very strong and well rooted.

David D. Cottom.

Extra Good

Virginia.

Dear Sir:—Stock received in fine condition and are extra good.

J. N. Rohrman.

Nice Thrifty Plants

Boone Co., Ky.

Dear Sir:—The strawberry plants came in good condition and am well pleased with them. Nice thrifty plants.

W. T. Snyder.

Well Rooted Bushes

Wisconsin.

Dear Sir:—The 150 Pearl Gooseberries received were fine bushes and well rooted.

Michigan Elliott.

Best he Bought in Fifteen Years

Iowa.

Dear Sir:—Your plants at hand. I have been buying all kinds of plants for the past fifteen years. I must say that yours were better than the best I have ever bought in fifteen years. I will order from you in the spring, as I think it would be too late now for fall planting.

J. Tavêmer.

Fresh as When Dug

Massachusetts.

Dear Sir:—I am in receipt of my box of strawberry plants all fresh and nice as when dug, good count and in every way satisfactory. Shall know where to send when in want of anything in your line.

John E. Dainty.

21,500 Gooseberries and Currants

New Jersey.

Dear Sir:—The 21,500 Gooseberries and Currants bought of you this spring are all doing finely; not over two hundred lost in the entire lot.

E. S. Holmes.

Prompt Attention

Massachusetts.

Dear Sir:—We beg to thank you for your prompt attention to our order. The plants reached us in season and in good condition.

W. B. Whittier & Co.

Well Pleased with Them.

Pennsylvania.

Dear Sir:—We unpacked the boxes of Grape Vines, Currants and Rhubarb the other day. We are well pleased with them.

A. W. Root & Bro.

Every Plant Grew

New York.

Dear Sir:—The Columbian Raspberry plants we received from you last spring were the best I have ever seen from any nursery. Every plant grew, making a strong, healthy growth the first year.

W. V. Lancaster.

Finest Trees I Ever Saw

York Co., Pa.

Dear Sir:—I received the trees in good order. They were the finest trees I ever saw and I have seen a great many varieties. Please accept thanks for your promptness in filling my order.

Mrs. Geo. Kahler.

What Constitutes a Good Plant

Indiana.

Dear Sir:—Strawberries came O. K. If all your plants are like these they are fine indeed. Being a fruit grower myself I think I know what constitutes a good plant.

F. B. Lesourd.

Lost Three Out of Six Hundred

Pennsylvania.

Dear Sir:—My raspberry and strawberry plants that I got of you this spring are doing finely and I only lost three out of six hundred.

Mrs. Alice Ayers.

Best Roots I Ever Saw

New Hampshire.

Dear Sir:—The trees reached me all in good condition. They are good healthy trees with the best roots I ever saw. Thank you for sending such trees.

Geo. A. Perham.

Every One will Grow

Ohio.

Dear Sir:—The trees ordered of you came all right and in fine condition. All are looking well. Think every one will grow.

E. S. Parrett.

No. 18

STATE OF NEW YORK

Department of Agriculture

Certificate of Inspection of Nursery Stock

This is to Certify that the stock in the nursery of ALLEN L. WOOD, of Rochester, County of Monroe, State of New York, was duly examined in compliance with the provisions of Chapter 482 of the Laws of 1898, and it was found to be apparently free in all respects from any contagious or infectious plant disease or diseases, or the San Jose scale or other dangerously injurious insect pest or pests.

C. A. WIETING,
COMMISSIONER OF AGRICULTURE.

Suitable Distance for Planting

Apples, Standard	30 to 40 feet	Grapes	8 by 10 feet
Apples, Dwarf	8 to 10 feet	Currants	3 by 5 feet
Pears, Standard	18 to 20 feet	Gooseberries	3 by 5 feet
Pears, Dwarf	10 feet	Raspberries, Red	3 by 6 feet
Peaches	16 to 18 feet	Raspberries, Black	3 by 6 feet
Nectarines and Apricots	16 to 18 feet	Blackberries	5 by 7 feet
Cherries, Sweet	18 to 20 feet	Strawberries, rows	1 by 3½ feet
Cherries, Sour	15 to 18 feet	Strawberries, in beds	1½ by 1½ feet
Plums	16 to 20 feet	Asparagus, in beds	1 by 1½ feet
Quinces	10 to 12 feet	Asparagus, in field	1 by 3 feet

Number of Trees or Plants on an Acre

2 feet each way	10,890	15 feet each way	194
3 feet each way	4,840	18 feet each way	135
4 feet each way	2,723	20 feet each way	110
5 feet each way	1,742	25 feet each way	70
6 feet each way	1,210	30 feet each way	48
8 feet each way	680	33 feet each way	40
10 feet each way	430	40 feet each way	28
12 feet each way	302		

To ascertain the number of plants required to the acre at any given distance, divide the number of square feet (43,560) in an acre by the number of square feet you desire to devote to each plant. For instance, in strawberries planted 1½ by 3 feet, each hill will occupy 4½ square feet, making 9,680 plants to the acre.

Established 1876

Wholesale Grower and Importer of
Fruit and Ornamental Trees, Shrubs, Roses, Hedges and all Small Fruit Plants, Etc.

Office, Corner Culver Street and Garson Avenue

Rochester, N. Y., January 18, 1908

Dear Friend:-

We paid the newspapers of this country a whole lot of money last year. This year we propose to try a new plan and give most of that newspaper money to our regular customers.

A satisfied customer is our best recommendation and if you are pleased with the treatment you have received, you can easily earn a few dollars on the side without interfering with your own business.

We are enclosing ten introduction cards. Give one of each to ten friends; give them to persons who you think would take advantage of our liberal prices and tell them to write for our catalogue and then to forward the card when sending order.

For every one of these cards presented to us, by persons who make purchases, we will credit your account with 10%,

or we will pay you 10% in cash,

just as you choose. In other words, if a person to whom you give one of these cards purchases $10 worth, you will have earned a dollar.

If you desire more cards we will gladly supply you and will allow you 10% on each purchase as stated above.

We want you to get some of this money and we know by past experience that if you will put out these cards right now and use judgment in doing so, you will be well repaid.

Thanking you kindly for past patronage and trusting our pleasant relations will continue uninterrupted, we remain,

Very truly yours,

ALLEN L. WOOD.

P. S. It is needless to say that cards will not be accepted from persons who are already customers of ours.

$6,000

IN CASH was paid for the Apples grown in this orchard last season. You can make as much money if you plant trees sold by the Woodlawn Nurseries, Rochester, N. Y.
